

Naomi Dawn Spickard Rock

Ph.D. Emphasis: Occupational and Technical Studies
Human Resources - Training

Program Entrance Date: Spring 2008

Current Job: Educational Consultant with Carilion Pediatric Neurodevelopment Clinic,
an employee of Roanoke City Health Department in a public/private
partnership with Carilion Clinic

Projected Job: Private consulting and training

Future Aspirations: I would like to develop training programs for educators and the business sector on working with individuals with special needs. The education program will offer knowledge and skills to general education teachers and teachers in the high learning sector of how to recognize and teach individuals with special needs. The business program will also offer knowledge and skills in hiring, training and working with individuals with special needs.
