

Dorisann Seal

Ph.D. Emphasis: Occupational and Technical Studies
Career and Technical Education

Program Entrance Date: Fall 2006

Current Job: Vocational Special Education
Elk Hill Farms, Goochland, VA

Projected Job: Vocational Coordinator for Special Vocational Programs

Future Aspirations: I have always wanted to be an architect and perhaps my designing will be to help build strong vocational educational foundations for children. My personal career choice has always been important to me and people need the opportunity to find their strengths and talents in order to find a meaningful career. I look forward to meeting and working with other professionals that share my interests and enjoy challenges!
