Title: A ONE-DIMENSIONAL MODEL FOR THE TRAVELING TOURNAMENT PROBLEM

Time: 12:30 – 1:20 p.m.

Location: Constant Hall Rm. 1047

Message from our Officers:

Hope everyone is having a good, progressive and a healthy semester! First, we would like to express our gratitude to Dr. Kim for an excellent presentation on different approaches on improving of sequence alignments. Please do contact him if you are interested in working on any of the projects he had mentioned. Secondly, we would like to remind everyone regarding the April SIAM Student Conference held in April. If you are interested in speaking at this Conference, do contact Candice Rockell or either one of us. Finally, we wish all the best on your upcoming midterm exams/research projects. Hope to see you all there at the next meeting! And wish you all a very hearty and healthy month!
