**Title: GUESSTIMATION: FERMI PROBLEMS AND THE
GOLDBLOCKS PRINCIPLE**

Time: 12:30 – 1:20 p.m.

Location: Constant Hall Rm. 1036

Message from our Officers:

Hope everyone is having a good, progressive and a healthy semester! First, we would like to express our gratitude to Dr. Dorrepaal for an excellent presentation on A Travelling Tournament Problem. Please do contact him if you are interested in working on any of the projects he had mentioned. Secondly, we would like to remind everyone regarding the April SIAM Student Conference held in April. If you are interested in speaking at this Conference, do contact Candice Rockell or either one of us. Finally, we wish all the best on your upcoming exams/research projects. Hope to see you all there at the next meeting!

*Slayer of the winter, art thou here again? O welcome, thou that
bring'st the summer nigh! The bitter wind makes not the victory
vain. Nor will we mock thee for thy faint blue sky. – William Morris*
