

Math and Stat Club News

November 2007

2007-2008 Officers

President: R. Patrick Stephan
Vice-President: Wei Ming Yang
Secretary: Candice Rockell

2007-2008 Advisors

Dr. Hideaki Kaneko
Dr. N. Rao Chaganty
Dr. John M. Dorrepaal

Message from our officers

We're closing in on the end of another semester. Start getting ready for Thanksgiving and then Christmas Break. Study hard for those finals and good luck with the rest of the semester.

Also, congratulations to Kevin Kordek for successfully completing the undergraduate problem of the month for October. Patrick Stephan, George Pahnó and Kinner Patel also submitted correct solutions. Congratulations! There was no winner in the graduate category.

Math and Stat Club Next Scheduled Meeting November 15, 2007

Speaker: Dr. Norou Diawara

Title: A New Class of Multivariate Gamma Survival and Reliability Models

Time: 12:30-1:30 pm (PIZZA SERVED)

Location: Constant Hall Room 1052

UPCOMING EVENTS

Christmas Break

Next Meeting: January 17, 2008

Colloquium Requirement

Those Masters students and Doctoral candidates who are financially supported by the Math Department in the form of stipends, grants etc., must complete the colloquium requirement of 16 colloquium synopses. Reports should be emailed to Dr. Kaneko upon completion. All other students are exempt from this requirement, but are welcome and encouraged to attend the colloquium seminars.

If you did not receive the email from Dr. Kaneko containing the colloquium.doc file, which contains the form used for completing the colloquium reports, please let him know and he will forward it to you. Any student who will be graduating shortly and will not have a chance to attend the required number of colloquia may substitute reports on the monthly meeting talks.
