Message from our officers

It's the middle of the semester. We hope that you all have had a productive first half and are looking forward to the second half of the semester. Good luck and study hard for those midterms!

Also, congratulations to Kevin Kordek for successfully completing both the undergraduate and graduate problems of the month for September.

Dr. Norou Diawara

Colloquium Requirement

Those Masters students and Doctoral candidates who are financially supported by the Math Department in the form of stipends, grants etc., must complete the colloquium requirement of 16 colloquium synopses. Reports should be emailed to Dr. Kaneko upon completion. All other students are exempt from this requirement, but are welcome and encouraged to attend the colloquium seminars.

If you did not receive the email from Dr. Kaneko containing the colloquium.doc file, which contains the form used for completing the colloquium reports, please let him know and he will forward it to you. Any student who will be graduating shortly and will not have a chance to attend the required number of colloquia may substitute reports on the monthly meeting talks.
